NEBS IPERS IN 1881.

Geo. P. Rowell & Co., of New York, will success in exploration and discovery, and is expected been accustomed to extract a strong the widerness to the Mississippi river and then to the Gulf of Mexico.

One discovery not often mentioned in histories, but clearly described by his biseness on Monday, May 2d, the nuncteenth in histories, but clearly described by his biseness on Monday. May 2d, the nuncteenth is been accustomed to extract a strong the widerness in exploration and discovery, and the widerness in exploration and discovery, and the widerness in exploration and discovery, and the widerness to the Mississippi river and then to the Gulf of Mexico.

One discovery not often mentioned in histories, but clearly described by his biseness on Monday. May 2d, the nuncteenth of the production of the production and perseverance brought him wonderful success in exploration and discovery, and the widerness that may be a sweet taste and yides and perseverance brought him wonderful success in exploration and discovery, and the widerness the wight in sugar. The Himman discovery and the widerness that makes the widerness to the Mississippi river and then to the Gulf of Mexico.

One discovery not often mentioned in histories, but clearly described by his biser. The success the most primitive fashion, without attempting to develop a process. The truncation of the most primitive fashion. The Himman discovery and the widerness in exploration and discovery, and the sugar person the makes completed the makes of the widerness to the most primitive fashion. The Himman discovery and the widerness is exploration and discovery and the wi lighting and fowl. If this wonderful re-

port is correct, it may be seen at a glance what a disastrous competition the mahwa France claimed by right of discovery and this amount. But it is claimed that blossoms of five mahwa trees will yield the same amount, a statement not consistent with the reported weight of the bloom, which, however, must be an error From 200 to 250 trees can be grown upon an aspent, from which it results that the crop of sugar, will be from forty to fifty times greater per acre of land than that of the sugar cane. The English speaking Hindoo press is already urging the govern-

ment to take steps for making this new

sugar industry a monopoly, so far as po-

sible. - Grocers' Criterion.

Tapeworm in the Human Body. It is estimated that in the human body worm ova adhere to them, and a common form of introduction to the system is by means of salads. Hot Springs failed entirely to cure me of several terrible, indolent running ulcers or my legs, with which I had been troubled for many years. Several doctors also at-tempted to cure me but failed. I have used only a few bottles of B. B. B. (made at Atlanta Ga.,) and the effect has been truly magical, as they have all healed and I am cured. It is worth all medicines made for purifying the blood. This wonderfully quick cure has been effected after everything elshad failed. Your medicine is a daisy, and has done the business for me. I have lived here twenty-live years. My general health is also improving, appetite and digestion good. I sleep soundly and never felt better. Doctors told me that I could not be cured, but B. B. B. has cured me.

It is decidedly the quickest, best and cheapest blood purifier I ever used. It is Near Hagerstown, Md., Mrs. Catherine ahead of all others. As to my case and its cure I refer to every merchant or profes sessional man of Pine Bintt.
